FOR IMMEDIATE RELEASE

New Phone Numbers for Health Department

(Sedgwick County, Kansas) –The Health Department has new phone numbers as part of the transition to management by Sedgwick County. The new numbers affect clinical, preventive and administrative services and all Health Stations. They do not affect the City of Wichita Environmental Health services, which are managed by the City. Both agencies still occupy the same building at 1900 East Ninth Street.

The new MAIN number for the Sedgwick County Health Department is 660-7300.

Health Stations can be reached directly by using the numbers listed below:

Colvin-Planeview	660-7415
Evergreen Park	660-7440
Teen Health Center	660-7445
Northeast Health Station	660-7433
Orchard Park	660-7420
Southeast	660-7450
Stanley	660-7400

“We are continually working to make our services to citizens more efficient. By implementing these new phone numbers, we are establishing continuity throughout our organization,” said Sedgwick County Commission Chairman Ben Sciortino.
